

Aria Door and Window Furniture

The global leader in door opening solutions.

Aria Wedgeless Fastener

With its innovative wedgeless design, this quality window fastener from ASSA ABLOY comes in both a low and high profile design. The Aria Wedgeless Fastener is suitable for a range of applications, from the awning window in the kitchen to the window that sits behind an open sliding door.

Aria Confix Fastener

The low profile Aria Confix Fastener is designed to suit situations where a sliding door would pass in front of a window. With concealed fixing, this fastener offers a more subtle aesthetic than other window fasteners.

Aria Venting Fastener

The Aria Venting Fastener is equipped with two opposing tongues. This unique feature provides safer ventilation and greater window control, particularly advantageous in windy conditions. This fastener is wedgeless and with concealed fixings provides an unobtrusive look for your home.

Aria D Handle

The Aria D Handle offers an attractive pull option for sliding doors. With a large comfortable grip area, the Aria D Handle is ergonomically designed for use with the Optimum Sliding Door Lock. The Aria D Handle can be paired with a Palladium Xtra escutcheon featuring a convenient red indicator so you can see the lock's status at a glance.

For consistent styling throughout your home...

Aria is a style developed by ASSA ABLOY that has been fashioned into a contemporary and versatile furniture range. With sleek styling complementary to modern joinery, the Aria range is encompassed by a number of ASSA ABLOY's window and door hardware products. Providing both internal and external hardware solutions and with an array of colour finishes available, co-ordination of aesthetics throughout the home is easy.

Made in New Zealand, the Aria range of window and door furniture is designed with uncompromised value and manufactured from high quality materials for premium security.

Aria for Front Doors

Combining high security with contemporary design, Aria on Nexion is the ideal choice of hardware for your front door. With both a mechanical and keyless version available, Aria on Nexion offers provides style, as well as the ultimate convenience. Details on alternative Aria entrance door options inside.

Aria Endeavour Sliding Door Lock

The Aria Endeavour has an abundance of security and safety features, including a convenient red indicator showing the lock's status at a glance. With the choice of two Aria styled handles, including a D Pull and Slim Pull the Aria Endeavour is the ideal choice for sliding doors.

Aria Bi-fold Window and Door Handle

The Aria Bi-fold Handle is suitable for use with a number of multi-point bi-fold locking platforms. This handle operates with a 90 degree rotation from locked to unlocked and is suitable for use with bi-folding doors and windows.

Aria for Entrance Doors

The stylish Aria lever has proven a popular choice on entrance doors. Created by our innovative team of designers, the result combines superior functionality with contemporary styling. The Aria lever features on a number of different rose and plate styles to complement your aluminium or timber joinery.

Aria for Internal Handles

Complete the look and use Aria on the premium Daintree or Ovation platforms on your internal doors. Pair off Aria with the Ovation Series for a sleek stainless steel round rose or go for the Daintree Series round or square rose escutcheons. Both Daintree and Ovation offer passage or privacy sets, meeting the needs of all your internal doors from the hallway to the bathroom.
