

Virtus Two Point Mortice Lock

The Schlage Virtus Two Point mortice lock is a reliable locking solution for residential aluminium or timber doors. Proudly designed and developed in New Zealand, the Schlage Virtus two point lock is a secure solution, offering a locking latch and deadbolt with 13mm and 22mm throw, without the requirement for lock adjustment. The Schlage Virtus lock utilises high strength stainless steel internal components to provide improved security and extended life, achieving S8 (Security) and D8 (durability) ratings in accordance with AS4145:2008.2. The Schlage Virtus lock is compatible with standard fixed cam euro cylinders.

Features

- Provides two points of locking: latch and deadbolt
- Deadbolt can be used in 13 or 22mm throw configurations without needing adjustment
- Deadbolt returns from both 13mm and 22mm states with one turn of the cylinder
- 30mm, 40mm, and 60mm backset options
- Easily orientate the latch to fit right hand or left handed doors
- Adjustable latch projection helps to accommodate larger door gaps
- Latch can be retracted by key/cylinder turn
- Compatible with standard Euro cylinders
- Employs the same door preparation as the Schlage Virtus Four Point Lock
